Android

vs

Apple

- Google based
- “Ok Google” for Voice Control
- Browser: Chrome
- Digital Wallet: Google Pay
- More user options
- User dependent security

- Apple Based
- “Hey Siri” for Voice Control
- Browser: Safari
- Digital Wallet: Apple Pay
- Less user options
- Consistent security updates

Data

vs

WiFi

- Can be accessed anywhere you have cell phone reception.
- Signal provided by your cellphone carrier.
- Potential caps on data usage (Especially on low price plans)
- Potentially slower speeds than wifi

- Can be public or private.
- Signal provided by an internet provider.
- Limited Range
- No real caps
- Can be used with more devices than cellular data

Geek

The logo features the word "Geek" in a large, white, rounded sans-serif font. Below it, the word "SQUAD" is written in a smaller, orange, all-caps sans-serif font, followed by a trademark symbol (TM). The entire text is contained within a black oval with a light gray border. In the top right corner of the dark gray background, there is a solid orange vertical rectangle.

SQUAD™
